

ALPHA NETWORKS IS CURRENTLY LOOKING FOR A QUALITY ASSURANCE TESTER

WHO WE ARE AND WHAT WE ARE LOOKING FOR?

Founded in 2008, ALPHA NETWORKS has become one of the fastest growing software companies, providing Pay TV solutions. ALPHA NETWORKS empowers the innovation, accelerates the projects go-to-market, and enhances the next generation TV-entertainment business. Serving customers all over the world, our product development team and engineers continue to develop new technologies that will engage, connect and transform the way people watch TV.

Headquartered in Belgium, with sales representatives in Europe, Asia, and South America, the company is internationally recognized. Working with major Telecom and Media companies such as Orange, Econet, Telecentro, ALPHA NETWORKS excels in carrier grade deployments and customer support.

Alpha Networks is looking for a Quality Assurance Tester to join the Quality Assurance Team (part of R&D) and to evolve in a Agile/SCRUM environment.

IN THIS TEAM, THE QUALITY ASSURANCE TESTER WILL HAVE THE FOLLOWING KEY RESPONSIBILITIES:

From the functional specifications of software solutions provided by the product team, propose and develop test cases that will validate that the developed solution meets specifications.

By running the test case in the defined time, identify, report and follow the issues correction and coordination with the developers and/or third parties, until full resolution
Ensure test automation definition and maintenance allowing software validation and non-regression.
